

How to Defer Declaring a Major

See

<http://college.artsandsciences.virginia.edu/declaremajor>

"You may submit the Request to Defer Declaring a Major ONLY if you are deferring major declaration because you have yet to complete the prerequisites for a major. The process of deferring a major requires the same steps as declaring a major and cannot be used to postpone choosing a major. Forms are available from 101 Monroe Hall. Deferral of Major Forms are not valid beyond your fifth semester."

What you need to do is to write down a semester by semester listing of the MATH courses you plan to take and have the DUP for MATH check it over to see if it is feasible. You need MATH 2310 and nine 3000+ MATH courses and one CS course. You can use summer courses.
